Everyone -

Sorry these have taken me so long, but when I sat down to do them I realized that I had taken 29 pages of notes!! (What was I thinking). Anyway, I was able to get them down to 18 (yes, still quite long and detailed), but that's how it goes.

Please read through them, help answer some of the questions I have, and get any comments/changes back to me by close of business Friday, January 24, 2003.

If you have any questions, please let me know.

Thanks.
Teri
