

Washington Department of Ecology
U.S. Environmental Protection Agency
U.S. Department of Energy

invite you to a

Hanford Cleanup Meeting

Monday, June 17
Shilo Rivershore Inn
50 Comstock
7:00-9:00 p.m.

6:30 - 7:00 p.m. informal discussions

We would like you to join us to discuss the cleanup of Hanford. The focus of the meeting will be the proposed changes to the Tri-Party Agreement which have recently been negotiated between the three parties. Some of these proposed changes will result in delays to the construction of key cleanup facilities.

This is an excellent opportunity for you to talk directly with the people who conducted the negotiations and who are responsible for cleanup. There will be plenty of time for your questions and comments.

You can even sign up for a five-minute presentation to give us your view of the cleanup. If you are interested, call Cos Edwards at (509) 376-8181 to schedule a time slot. *What you have to say about the cleanup of Hanford is important to us.*

A formal public comment period on the proposed changes began on May 22 and will end July 5. Written comments can be sent to Lois Engelsman, P.O. Box 1970 B3-35, Richland, WA 99352 or call (509) 376-1065. Call or write to Lois Engelsman for copies of the proposed changes and summary.
