MEETING MINUTES

222-S Project Manager's Meeting and Miscellaneous Lab Issues (TSD: TS-2-1)

Meeting held on: 3/20/2013

Page 1 of 1

Meeting Attendees:

See attached list of attendees.

Agreements, Commitments, and Action Items:

There are no agreements, commitments, or open Action Items.

Schedules:

Schedules addressing ongoing activities associated with the TSD group will be addressed in the Operations Report.

222-S Laboratory TSD or Miscellaneous Issues:

The 222-S TSD TPA Project Manager's Meeting is being re-instated at Ecology's request. Agenda topics were identified and the format of these meeting minutes reflects their content.

Mr. Lee Fearon, Ecology, stated that he will be performing a field visit of 222S on April 4, 2013 to assess receiving and handling waste into 219-S from Satellite and 90-Day Accumulation Areas.

222-S TSD RCRA Permit Status:

Mr. Fearon related that Ecology is addressing public comments received on the draft 222-S permit and the schedule for completion is indeterminate at this time.

222-S Laboratory Operations and Analytical Status:

Since this is the first meeting, there were no 222S Operational or Analytical reports shared by WRPS or ATL. The content of Operations Report and Analytical Report were discussed and the following topics were agreed to be covered:

- Analytical Report (ATL and WRPS): Topics to be addressed include analytical status, samples in house for analysis, holding times, performance on Performance Evaluation samples,
- Operational Report (WRPS): Topics to be addressed in this report include the status of the 4 TSD units, facility upgrades.

Next Meeting:

April 17, 2013

3100 Port of Benton Blvd.

9:00 – 10:00 a.m.
