Proposed Amendment to the ERDF Record of Decision

This is advanced notice that the Tri-Party Agencies will be seeking comments on the *Proposed Plan for an Amendment to the Environmental Restoration Disposal Facility (ERDF) Record of Decision*, DOE/RL-2004-64. The purpose of the amendment is to accommodate the disposal in ERDF of other Hanford-only wastes, including those from surveillance, maintenance, and deactivation of facilities; research and development; waste storage and treatment activities; infrastructure support; and environmental monitoring programs at Hanford.

The 30-day public comment period is expected to begin May 1 – May 31, 2006. No public meetings are scheduled currently. Please contact David R. Einan, U.S. Environmental Protection Agency, if you would like to schedule a meeting or request additional information. He may be reached by telephone or e-mail at (509) 376-3883 or einan.david@epa.gov.
