Re: Public Comments Received for the Proposed Plan for the 300-FF-2 Operable Unit
(DOE/RL-99-53)

RECEIVED
OCT 24 2000

53362

Dear Ms. Isom:

EDMC

Enclosed are the original copies of written public comments received as a result of the July 3 to September 5, 2000, public comment period for the 300-FF-2 Operable Unit Proposed Plan. No request was received for a public meeting, so one was never scheduled. However, the Environmental Restoration Committee of the Hanford Advisory Board has been briefed several times on the 300-FF-2 Operable Unit over the course of the last 6 months. In addition, a site tour was provided to interested members of this committee on July 11, 2000. A request was made to extend the comment period from August 3 by 30 days. (See attached letter from Columbia Riverkeeper, dated 7/19/00.) This request was granted, and the comment period was extended to September 5, 2000.

Please place this letter with the enclosures in the 300-FF-2 Administrative Record.

Sincerely,

Mike Goldstein
Remedial Project Manager
300 Area NPL Site
