COMMUNICATION RECORD**

Date of meeting or telephone conversation September 19, 1995

Participants or Attendees (with organization): Mary ^{Hain} ~~Jan~~, Benton-Kiona School District

Subject(s) Discussed/Summary of Discussions:

Mary indicated that Benton-Kiona Schools have had a 5.2% increase in enrollment for the 1995-96 school year. The area is growing rapidly and is seen as a good place to live with good schools. The School District has built/reconstructed the high school but it was at capacity before it was finished. Any additional enrollment would result in overcrowding. Mary does not see the Benton-Kiona School District as dependent on trends at Hanford. Area is very diversified and Hanford no longer has the affect it once had.
