Hanford Remedial Action  
Richland, WA.

The wild salmon in Washington Rivers are for all practical purposes gone. The Makah have received permission to hunt whales and Monday made a kill. Our beautiful world is rapidly being lost to various development, all this in my lifetime (63 yrs). Save the Hanford Reach, protect all the public lands on the Wapluke Slope, the Reach Islands, McGee Ranch, and Arid Lands Ecology Reserve. Think of the citizens of tomorrow not just the pocketbooks of today.
