This memo supercedes my memo 7F131-92-059 "Package 210A Phase II Vitrification Building Foundation Final Design Review," dated May 10, 1993. The workshops associated with the July 16, 1993 Design Change Notice (DCN) issue has been canceled. Therefore I will be conducting the Pre-Final Design Review (FDR) workshop on the Vitrification Building Foundation Package 210A Phase II (walls) starting on Monday June 14, 1993 at 12:30 p.m. in Irvine. The pre-FDR workshop will be done to present comments for resolution prior to the June 23 FDR meeting. It is intended that the Pre-FDR meeting will result in zero comments for the FDR meeting.

Please continue to review the drawings/specifications that were previously sent, and either come to the meeting or send me your comments prior to the meeting.

If you have any questions, please contact me at (714) 975-6418.

  
C. Van Katwijk  
Resident Engineer
