Groundwater-Vadose Zone Facilitated Meeting Participants:

MANAGEMENT AND INTEGRATION OF HANFORD SITE GROUNDWATER AND
VADOSE ZONE ACTIVITIES DOCUMENT

Recently, you have received two letters inviting Hanford regulators, Tribal Nations and stakeholders to a facilitated meeting on groundwater-vadose issues. An analysis of the document by the U.S. Department of Energy, Headquarters office had not been completed when those letters were sent, and we were unable to include a copy of the proposed groundwater-vadose zone management planning document.

49105

Today, DOE Headquarters let me know that the document will be released on Monday, April 13, 1998. You will receive an official transmittal letter for the document dated April 13, 1998, however, it is my desire to get this to you as soon as possible, for you to understand the proposed integrated planning and management approach for this sitewide effort.

A copy of this document will also be available at our facilitated meeting on Tuesday, April 14, 1998, from 1:00 to 4:00 p.m. in the Assembly Room at Bechtel's Richland office building, located at 3350 George Washington Way. I look forward to discussing this document with you at the meeting.

Sincerely,

Linda K. Bauer, Assistant Manager
for Environmental Restoration

AME:LKB
