**Description of Change**

Delete all references to EII 4.1, "Nonradioactive Hazardous Waste Disposal." The handling of waste generated at the sites will be per EII 4.2 and WHC-CM-5-16.

Delete all references to EII 6.2, "Ground Water Monitoring Wells Technical Oversight."

Remove J. J. Consort, Geosciences, from the position of Field Team Leader and replace with J. A. Bultena, Environmental Field Services Group (EFSG).

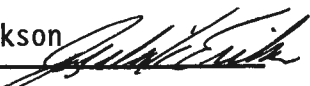

Remove the EFSG from the responsibility of Health and Safety. KEH will be responsible for the Health and Safety at the ground water well installation sites.

Change all references to EII procedures to "current revision." This will avoid future changes to the work plan as new revisions of EII's are implemented.

Note: Include affected page number

**Justification and Impacts of Change**

In preparation to assume Field Team Leader responsibilities for the 200-BP-1 ground water well monitoring installation, we have identified the following minor field deviations required for the 200-BP-1 Work Plan, per EII 1.9, Sec 6.6.

<u>J. K. Erickson</u> 	<u>6-28-90</u> DATE
