Dear Paul,

Attached find a copy of NOAA's Preliminary Natural Resource Survey for the four Hanford aggregate (100, 200, 300 and 1100) Superfund sites. As we discussed on the phone, it was not possible to incorporate your comments in the PNRS as it went final (official submission to Kathy Davidson) before Christmas. However, I did record your comments and we will bear them in mind when reviewing work plans. Can I count on you to share a copy of the PNRS with DOE and Batelle, or would you prefer that I send them a copy?

Thanks again for your help in getting NOAA plugged into the loop at the Hanford sites.

Sincerely,

Lew Consiglieri
