Subject: Ecology exit meeting for 222-S inspection

----- Message Contents -----

Bob,

Brad was called by Casey on 1-31-92 and was informed that he wants to hold an exit meeting for the inspection that was performed at 222-S about a month ago. I informed Brad that EAP was on a retreat on Monday and Tuesday, and Donna Wanek is on A/L until late Monday. Casey was persistent about wanting a meeting on Monday and has scheduled to meet with Brad in Brad's office at 7:30 AM. Brad indicated that he, Tony Miskho, Steve Brey (222-S), and Larry Goodwin (222-S) will attend. Casey and his supervisor, Tom Tebb will attend.

I informed Paul Carter, WMD, who is filling in for June Hennig as Donna's supervisor, about the meeting.

Randy
