Dear Mr. Wisness:

Re: "00-OSS-013" Request for Approval of Modification to the Notice of Construction (NOC) and Approval Order for the Ventilation Upgrades 241-AY AND 241-AZ

This letter confirms the receipt of the NOC application and Approval Order revision forms to Approval Order NOC-94-07-01. The Washington State Department of Ecology (Ecology) approves the request to modify the dates for powered mixer pump operations.

This Authorization can be modified, suspended, or revoked, in whole or in part, if Ecology determines the information provided fails to ensure that emissions will *not exceed* ambient air quality standards.

If you have any questions, please contact Jerry Hensley at (509) 736-3017.

Sincerely,

Michael Wilson, Manager  
Nuclear Waste Program
