RE: Project Manager Level Dispute, Design New, Resource Conservation Recovery Act (RCRA),
Compliant Storage Tanks

Reference: Letter 19-ORPMGR-0006, dated July 11, 2019, "Correspondence Regarding Tank Waste
Retrieval and Treatment Pathway at Hanford and Proposed Tri-Party Agreement Change
Packages"

Dear Rob Hastings:

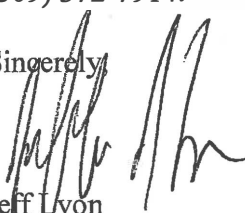

The Department of Ecology (Ecology) transmitted signed Hanford Federal Facility Agreement and
Consent Order (HFFACO) change requests to the United States Department of Energy - Office of
River Protection (USDOE-ORP) by letters dated June 27, 2019, and June 28, 2019.

USDOE-ORP disapproved change request M-45-19-02 for the design and permitting of "new,
RCRA-compliant storage tanks".

With this letter Ecology initiates HFFACO dispute of that disapproval at the Project Manager level.

If you have questions or need further information, please contact me at jeff.lyon@ecy.wa.gov or

Sincerely,

Jeff Lyon
