COMPLETION OF HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER (TRI-PARTY AGREEMENT) MILESTONE M-016-00A

This letter documents completion of Tri-Party Agreement Milestone M-016-00A, "Complete all response actions for the 100 Area units (except groundwater actions which are covered under Major Milestone M-16-00 and 100 K Area response actions addressed in M-016-00C) by the specified due date as approved in a Remedial Design/Remedial Action Work Plan," by March 31, 2017. This milestone was completed on March 8, 2017. The U.S. Department of Energy Richland Operations Office (RL) has completed response actions at 863 waste sites under the current interim action Records of Decision (RODs) for the 100-B/C, 100-K, 100-N, and 100-D/H areas, and the final ROD for the 100-F/IU area. The attachment lists the completed waste sites and associated document numbers. Eight waste sites are deferred to final action decisions.

Tri-Party Agreement Milestone M-016-00A was established to mark the overall completion of a significant portion of Hanford's River Corridor cleanup, much of which has been subject to sub-tier milestones established for earlier phases of cleanup. Since the milestone's establishment, cleanup scope has expanded to incorporate many additional response actions over those initially identified for completion. Completion of this milestone marks the achievement of a major cleanup goal by RL in moving waste away from the Columbia River.
