CWC and MWDU Project Meeting Minutes

3350 George Washington Way/Rm. 2C58

Richland, Washington

December 16, 1999

9:30 a.m. to 10:00 a.m.

- I. Approval of November 18, 1999 CWC and MWDU Project Meeting Minutes (Ecology, DOE-RL, FDH)
- II. Operational Status
 - A. Dan Saueressig, facility ECO, gave overview of November production at CWC and MWDU. Dan agreed to break down information further in Operational Report so Ecology can see specifically where waste is coming from and going to.
- III. Project Specific Issues
 - A. TRU Project
 - 1. Eric Greager gave overview of TRU Waste Acceptance meeting held on December 15, 1999. Topics covered were retrieval of TRU drums, how TRU drums will get into CWC, status of certification and audit at Rocky Flats.
 - 2. FDH reported that the revised Waste Analysis Plan (WAP) for the CWC will be out soon. Ecology asked if the new WAP is a revision of the old WAP. FDH reported that the modification is to accurately reflect TRU Retrieval activities. Ecology asked for a red-lined/strikeout copy so they could accommodate modifications once the permit is issued.
 - 3. The WIPP certification audit scheduled for January 17, 2000 could be pushed back a week. An audit center (war room) for approximately 25-40 people is being established. Location is hoped for north of Wye barricade, however, exact location is still unknown.
 - B. Mod E Status
 - 1. Ecology reported that because of the volume of comments, they will take a longer period of time to respond. The permit may be issued on March 1, 2000. There were comments made on every section.
- IV. Budget/Funding Status
 - A. Current status was not available. More information will be provided at next meeting.
- V. Status of Action Items
 - A. SWSD-99-001 and SWSD-99-002 were closed out. Ecology was given tour on December 8, 1999.

- B. SWSD-99-003 – Part A, Form 3 Rev is still going through internal peer review. Dan Saueressig will coordinate a date with Greg Sinton to meet and discuss.
- C. SWSD-99-004 was closed out. Ecology had no comments on M-91-10 (PMP).
- D. SWSD-99-006 was closed out. Eric Greager gave overview of December 15th TRU Waste Acceptance meeting at Ecology Interface meeting.

VI. New Action Items
No new action items to report.

VII. Next CWC and MWDU Project Meeting - Scheduled for January 20, 2000.
