

# ERC CHANGE NOTICE

0048555

<b>Change Notice Number:</b> BHI-01105-00-CN-01		Page 1 of 1	
<p>This document is applicable to documents requiring <b>minor</b> editorial changes <b>not</b> considered to be Design Engineering documents. Change notices receive the same review as the original document. Change notices require incorporation to original document when there are 5 change notices.</p>			
<b>Affected Document Number:</b>	BHI-01105	<b>Rev:</b> 0	<b>Incorporation Required:</b> yes <input type="checkbox"/> no <input checked="" type="checkbox"/>
<b>Affected Document Title:</b>			
Rebound Study Report for the Carbon Tetrachloride Soil Vapor Extraction Site, Fiscal Year 1997			
<b>Project:</b>	GROUNDWATER PROJECT	<b>OUTSD/ERA:</b>	200-ZP-2/CCL4
<b>Description of Change:</b>			
<p>One word correction in bullet 1 on page ES-4. The word "months" should be replaced with "weeks." The text should read as follows:</p>			
<p>1. Implement cyclic operation of the SVE systems using a minimum of 4 to 8 weeks of operation followed by 8 to 16 weeks of rebound to optimize the carbon tetrachloride mass removal rate.</p>
