Re: 2101-M Waste Stream Sampling and Analysis Plan, (WHC-SD-CP-PLN-014, Revision 1)

Dear Mr. Wisness:

The U.S. Environmental Protection Agency (EPA) has completed its review of the 2101-M Waste Stream Sampling and Analysis Plan, (WHC-SD-CP-PLN-014, Revision 1). The EPA approves this plan for use. As noted in the plan, low flow conditions during the summer months may preclude sampling of this liquid effluent. If these conditions occur, and samples are not taken during the period of April through October EPA requires formal notification.

If you have any questions, please call me at (509) 376-9529.

Sincerely,

Douglas R. Sherwood  
Environmental Engineer
