Richland, Washington 99352

Re: Renewal Notice for the Hanford Site Air Operating Permit (AOP)

Dear Mr. Shoop:

The Department of Ecology (Ecology), as the permitting authority, formally issues this notice requiring submittal of a renewal application for the Hanford Site AOP, 00-05-006 (Washington Administrative Code [WAC] 173-401-500 and 173-401-710).

The current AOP, Rev. B, became effective August 1, 2016, with an expiration date of March 31, 2018, unless extended under provisions of WAC 173-401-710. Condition 5.18 of the Standard Terms and General Conditions of the Hanford Site AOP requires the permittee to submit a complete application for renewal at least 6 months, but no earlier than 18 months, before the date of permit expiration.

The complete renewal application should include the current AOP number, description of AOP revisions and off-permit changes that occurred during the permit term, any applicable requirements that were promulgated and not incorporated into the AOP during the permit term and shall provide a compliance schedule therefore, and information listed in the renewal application. The renewal application and guide is available for download from Ecology's website at: <https://fortress.wa.gov/ecy/publications/documents/0502001.pdf>.

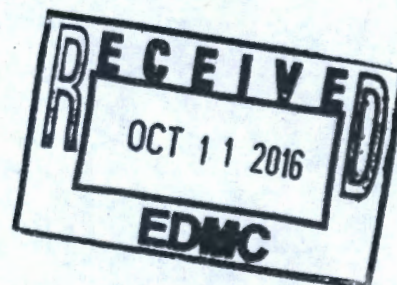

If you have questions, please contact me at philip.gent@ecy.wa.gov or (509) 372-7983.

Sincerely,

Philip M. Gent, PE
Waste Management Section
Nuclear Waste Program
