The Tri-Party Agreement provides for a 45-day period for regulatory review of these documents, commencing on October 31, 1994, and ending with written comments due on December 15, 1994. The U.S. Department of Energy will continue to work with the State of Washington Department of Ecology and EPA to improve these documents through the Record of Decisions Working Group and formal comment. The goal is to ensure that the first six operable units have a consistent and defensible cleanup decision.

If you have any questions, please contact Mr. K. Michael Thompson at 373-0750.

Sincerely,

Robert G. Holt
Robert G. Holt
Acting Hanford Project Manager
