Re: Primary Documents for 1100-EM-1 Operable Unit

Dear Mr. Wisness:

Recently, we granted a schedule extension for completion of the remedial investigation/feasibility study (RI/FS) at the 1100-EM-1 Operable Unit. In addition to the extension, we eliminated the requirement for submittal of the RI Phase II Report and the FS Phase III Report. Both of these reports are identified as primary documents in Table 9-1 of the Tri-Party Agreement. The information that would have been contained in these individual reports will now be combined and submitted in an RI/FS Report.

The RI/FS Report is not specifically listed as a primary document in Table 9-1. However, we are considering that report to be a primary document since it will effectively replace two other primary documents. As such, we consider the RI/FS Report to be subject to the review and approval cycle for primary documents. Other provisions of the Tri-Party Agreement regarding primary documents, such as the dispute resolution process, will also apply to the RI/FS Report.

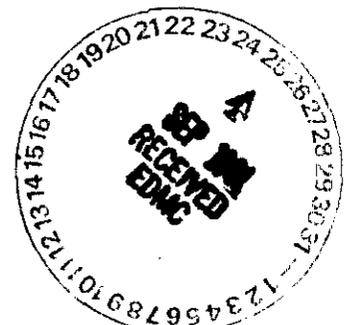

The Proposed Plan, to be submitted with the RI/FS Report, is also a primary document, in accordance with Table 9-1. The Proposed Plan will be reviewed as a separate primary document.

If you have questions on any of the above, please contact me at (509) 376-6623.

Sincerely,

Paul T. Day
Hanford Project Manager
