Mr. David B. Jansen, P.E.
Hanford Project Manager
State of Washington
Department of Ecology
P.O. Box 47600
Olympia, Washington 98504-7600

Dear Mr. Jansen:

PLUTONIUM FINISHING PLANT (PFP) LIQUID LOW LEVEL WASTE SYSTEM - FINAL DESIGN DOCUMENTATION

Please find enclosed a copy of the final construction specifications for the PFP Liquid Low Level Waste System Modification. The U.S. Department of Energy, Richland Field Office (RL) submitted design documentation to the State of Washington Department of Ecology (Ecology) on April 29, 1992, in accordance with Interim Milestone M-17-16C in Table D-3 of the Hanford Federal Facility Agreement and Consent Order Proposed Milestone M-17, dated December 4, 1991, and with Ecology Consent Order No. DE 91NM-177.

RL responded to Ecology's comments on the design documentation by letter dated July 22, 1992. In the letter, RL committed to provide Ecology with a final set of design documents, once the contract had been awarded. The design documentation that was sent to Ecology on April 29, 1992, has not changed except through Engineering Change Notices (ECNs). Ecology has been provided with the ECNs as they have been issued. The construction specifications have also been updated and are enclosed.

The contract has been awarded and the enclosed updated construction specifications completes the final design documentation. This submittal fulfills RL's commitment.

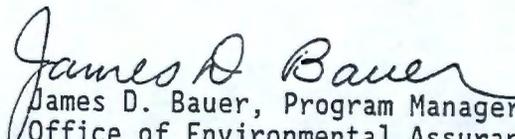

Mr. David B. Jansen
