

Change Number M-34-98-02	Federal Facility Agreement and Consent Order Change Control Form <small>Do not use blue ink. Type or print using black ink.</small>	Date June 2, 1998															
Originator R. Stanley, Ecology / D. Sherwood, EPA (360) 407-7108, (509) 376-9529																	
Class of Change <input type="checkbox"/> I - Signatories <input checked="" type="checkbox"/> II - Executive Manager <input type="checkbox"/> III - Project Manager																	
Change Title Change Lead Regulatory Agency designation for the Hanford Federal Facility Agreement and Consent Order (Agreement) M-34-00 (K Basins) milestone series from Ecology to EPA.																	
<u>Description of change.</u> Change the Lead Regulatory Agency designation, in accordance with the requirements of Section 5 of the Agreement Action Plan and modify Appendix D, as follows: <table border="0"> <tr> <td><u>CURRENT</u></td> <td><u>REVISED</u></td> </tr> <tr> <td>M-34-00</td> <td>M-34-00 / Spent Fuel Project</td> </tr> <tr> <td>LEAD AGENCY:</td> <td>LEAD AGENCY:</td> </tr> <tr> <td>ECOLOGY</td> <td>EPA</td> </tr> </table> <u>Justification of Change.</u> After consulting with DOE in the context of M-34 negotiations, EPA and Ecology have decided to employ Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as the regulatory process for K Basins cleanup. This change of Lead Regulatory Agency will maintain consistency with the approach to regulatory authority and Lead Regulatory Agency designation as agreed to in the Sixth Amendment of the Agreement and Section 5 of the Agreement Action Plan. Under paragraph 88 of the Agreement EPA and Ecology have joint authority to determine the choice of Lead Regulatory Agency and regulatory process in consultation with DOE. In addition to the change specified above the Parties recognize the continuing areas of Ecology involvement and/or authority. Examples include Ecology's regulatory authority, as specified in Section 5.6 of the Agreement Action Plan, over Treatment, Storage and/or Disposal units such as the 1706-KE Treatment Facility (116-KE6 A-D) closure. Additionally, Ecology shall remain involved in matters where K Basin activities affect or impact other areas in which Ecology is the Lead Regulatory Agency. These related activities could include the handling of K Basin sludge, water, and secondary wastes.			<u>CURRENT</u>	<u>REVISED</u>	M-34-00	M-34-00 / Spent Fuel Project	LEAD AGENCY:	LEAD AGENCY:	ECOLOGY	EPA							
<u>CURRENT</u>	<u>REVISED</u>																
M-34-00	M-34-00 / Spent Fuel Project																
LEAD AGENCY:	LEAD AGENCY:																
ECOLOGY	EPA																
<u>Impact of Change</u> No impact is expected as a result of this change in Lead Regulatory Agency designation other than assignment of appropriate resources within the EPA to effectively deal with the Lead Regulatory Agency responsibilities associated with oversight of the K Basins cleanup.																	
<u>Affected Documents</u> The Hanford Federal Facility Agreement and Consent Order, Action Plan, Appendix D, as amended.
