Class of Change <input type="checkbox"/> I - Signatories (Section 13.0) <input checked="" type="checkbox"/> II - Project Manager <input type="checkbox"/> III - Unit Manager
---

Change Title Change in Schedule for Site-wide Background Soil Report (M-28-03)
---

Description/Justification of Change  The request is for a delay in the submittal of the soils background study report, Milestone M-28-03. The new submittal date will be April 1992. Delaying this milestone will result in both Site-wide Background Reports (M-28-03 for soils and M-28-04 for groundwater) being submitted together. It has been decided that the technical review will be improved by having both documents available at the same time.
---

Impact of Change  The change will impact the schedule by delaying submittal of the report by two months (from February 1992 to April 1992).
---

Affected Documents none
