Dear Ms. Dallas:

Please reference my letter to you dated May 25, 2004, granting a storage time extension for the treated Kaiser-Hill (Rocky Flats) waste until June 5, 2004. At this time, the Washington State Department of Ecology (Ecology) is granting an additional one week extension for storage of the waste until June 12. Ecology will decide whether to grant an additional extension, or extensions, on or before June 12. Any future decision by Ecology will ensure that sufficient time is allowed to safely dispose of this material.

This extension shall not be construed as approval by Ecology for disposal of the subject waste at Hanford, nor as any admission nor representation as to the adequacy of the Hanford Solid Waste Environmental Impact Statement.

If you have questions, please contact me at (509) 372-7896 or sder461@ecy.wa.gov.

Sincerely,
