Subject: Invitation: State of the Site, Seattle, November 2, 2005

RECEIVED
NOV 07 2005

This message is from the Tri-Party Agencies:

EDMC

Do you want to get involved in decisions affecting our communities and the environment of the Pacific Northwest? We want to hear what you think about the cleanup of the Hanford Site.

The State of the Site public meeting in Seattle is fast approaching. It is time for you to clear that important space in your calendar and participate in a dialogue with top Hanford decision makers.

**State of the Site
November 2, 2005**

**6:30 p.m. Open House
7:00 p.m. State of the Site meeting**

**Seattle, University District
Best Western University Tower Hotel
Grand Ballroom
4507 Brooklyn Ave. NE**

Representatives from the DOE, Ecology and the EPA will host the annual State of the Site public meeting on Wednesday, November 2 in Seattle, Washington. The State of the Site meeting provides an opportunity for stakeholders and members of the public to learn more about the status and challenges of cleaning up the Hanford Site. The meeting also provides an opportunity for the public to voice their concerns and priorities with the top Hanford decision makers.

Hanford is facing a myriad of technical and physical challenges to complete the cleanup work. Some of these include:

- Are we making sufficient strides to cleanup the **groundwater** and protect the **Columbia River**?
- Will all the **tank waste** be processed and treated by the 2028 deadline?
- How will Hanford remain a national **funding** priority?
- How will we guarantee the **Waste Treatment Plant** is finished?

New this year: Open House at 6:30 p.m. in the Grand Ballroom. Exhibits and agencies will be available to answer questions and discuss current Hanford topics.

See the attached flyer for more information. Please distribute this flyer to your family, friends, and co-workers. We want our citizens to become engaged in Hanford.

Please contact me with additional questions.
