EDMC

Dear Mr. Einan:

TRANSMITTAL OF BHI-00139, "ENVIRONMENTAL RESTORATION DISPOSAL FACILITY (ERDF) WASTE ACCEPTANCE CRITERIA (WAC)," REV. 4.

Attached for your use and information is a copy of subject document. There are two significant changes contained in Revision 4 of the ERDF WAC. First, the table containing Land Disposal Restriction (LDR) limits for selected hazardous wastes was removed. The ERDF WAC now requires the user to look up the appropriate limit(s) in the latest LDR regulations. Secondly, "trigger levels" were established for three radioisotopes (Tc-99, C-14, and Total U). These "trigger levels" were added to identify concentrations, whereby further evaluation is required.

If you should have any questions, please contact me at (509) 373-6295.

Sincerely,

Owen C. Robertson, Acting Director  
Environmental Restoration Division
