As a result of agreements made during today's (Oct 22) M-23 resolution meeting between ORP, CHG and Ecology representatives, Ecology grants an extension until January 15, 2003 to receive responses from ORP to Ecology's RCR form comments regarding ORP's M 23-24 submittal.

Due to time constraints caused by the Nuclear Waste Program annual planning workshop, this e-mail message will serve in lieu of formal correspondence to grant ORP's extension request for M 23-24 response.

If you have any questions regarding this message, please contact me at (509) 736-3031.
