Hanford Hazardous Waste Permit Modifications

- ◆ 301 Concrete Facility
- ◆ 105 DR Large Sodium Fire Facility
- ◆ Patrol Academy Demolition Sites

If you would like material in an alternative format (large print, Braille, cassette tape, or computer disk), please contact Michelle Davis, Ecology (360) 407-7126 (Voice), or (360) 407-7155 (TDD)

The Hanford Site Hazardous Waste Permit was issued in August 1994. The permit contains general conditions for the operation and closure of hazardous waste treatment, storage and disposal sites at Hanford. The modifications would add to the hazardous waste permit the three sites or units (listed to the left) which will be closed.

Public Comment: Ecology seeks to learn issues of public concern about the application. A 45-day public comment on the application begins **June 8** and ends **July 24, 1995**. Please mail comments to: Moses Jaraysi, Department of Ecology, Nuclear Waste Program, 1315 W. 4th Avenue, Kennewick, WA 99336-6018.

Public Hearing: June 21, 1995, Department of Ecology Office, 1315 W. 4th Avenue, Kennewick, 7-9 p.m.

Information available:

The permit application and related information may be read and copied in the following Hanford Information Repository:
