Attention AME!

The U.S. Army Corps of Engineers will be sponsoring a Volunteer day in order to help revegetate the North Slope. There are approximately 1,400 refugee plants (mostly bunch grass) from the ERDF site that need to be planted on the North Slope. Volunteers can meet at the Vernita Bridge rest stop, Saturday morning March 25th around 9 AM if they are interested.

Please dress for cold weather by wearing long sleeves, jeans and work boots. As of right now volunteers will need to pack their own lunch, if that changes then all who have signed up will be notified. Also, if possible please bring your own shovels and gloves. The planting effort should take most of the day, but you can volunteer for as long as you'd like.

Please sign up by calling Glenn Goldberg on 376-9552, so that an accurate head count can be taken.

Be a part of REAL work on the Hanford Site!
