Re: NEPA/SEPA Compliance for Hanford Site Carbon Tetrachloride
Expedited Response Action

Dear Mr. Duffy:

The Department of Ecology has reviewed the Environmental Assessment for the Expedited Response Action for the 200 West Area Carbon Tetrachloride Plume. We concur with the "Finding of No Significant Impact", and have no additional comments to those already submitted to USDOE-RL and the Environmental Protection Agency, Hanford Project Office, regarding this expedited response action. Ecology supports this action and wishes to see field work begin at the earliest date possible.

Should you have further questions, please direct inquires to Mr. Larry Goldstein of my staff. Mr. Goldstein can be reached at (206) 438-7018.

Sincerely,

Roger Stanley
Program Manager
Nuclear & Mixed Waste Management
