Summary of Discussion and Commitments/Agreements

1. Approval of Past UMM Minutes

The September 7, 1993, Unit Managers' Meeting Minutes were reviewed and signed by the Ecology Unit Manager.

2. Status Action Items:

-No Open Action Items

There was no discussion.

3. Status Closure Activities:

-Status NOD Comments (On Schedule)

WHC (D. M. Korematsu-Olund) requested an update on the review of the NOD response tables for the Ash Pit and 218 E-8 Borrow Pit demolition sites closure plans. Ecology (F. Ma) estimated that transmittal of any comments on the NOD tables could be completed by October 14, 1993.

4. New business:

-Open discussion

Ecology (F. Ma) asked if the demolition sites (HPADS, Ash Pit and 218 E-8 Borrow Pit) were fully funded beyond this fiscal year. WHC (R. E. Bolls-Solid Waste Management) stated that funding is based on a DOE five year financial planning forecast, which is updated annually. The funding and forecasts for each individual site are based on DOE commitment to remediate the Hanford Site as a whole as well as the clean up progress of each individual Treatment, Storage and Disposal (TSD) site. Ecology (F. Ma) stated that Ecology would like to revise the Part B Permit Application and Closure/Postclosure Plan process flowchart to allow more time (8 months) to resolve closure issues before printing a revised document within the NOD cycle. An official Ecology request for the flowchart modification, regarding the NOD cycle, will be forthcoming to RL. A meeting date of November 2, 1993 was arranged to start negotiation on closure issues.

5. Set new meeting date:

The next Unit Managers Meeting was scheduled for November 16, 1993 8:00-10:00 a.m. Richland, WA.
