Document transmitted contains OUO information.

When separated from attachment(s), handle this document as non-sensitive information.

The U.S. Department of Energy, Richland Operations Office (RL), in consultation with the Washington Department of Archaeology and Historic Preservation (SHPO) and consulting parties, has reached a finding of "adverse effect" for the removal of two miscellaneous restoration debris items (SG4DH- 169 and SG4DH-207) and sampling and remediation of a waste site (600-385) which will affect National Register Eligible properties 45BN141 and 45BN483.

In accordance with 36 CFR 800.6(a)(1), RL is notifying you of this adverse effect finding and asks that the Advisory Council on Historic Preservation determine its participation as RL develops and evaluates alternatives or modifications to future project activities that could minimize or mitigate any additional adverse effects on these historic properties. The selected alternatives or modifications will be memorialized in a Memorandum of Agreement (MOA).

Information about the undertaking and consulting party correspondence supporting RL's finding of 'adverse effect' is included in the document titled *Cultural Resources Review for the Removal of Two Miscellaneous Restoration Debris Items, Confirmatory Sampling and Remediation of Orphan Waste Site (600-385), and General Surface Debris Removal in the 100-D and 100-H Intermediary Area of the Hanford Site, Benton County, Washington (HCRC#2011-100-083)* (enclosed). Letters and determination of eligibility forms for 45BN141 and 45BN483 are also enclosed for your consideration. These documents meet the documentation requirements noted at 36 CFR 800.11(e).

In accordance with 36 CFR 800.6, your office has fifteen days to reply. Please respond within this timeframe, otherwise we will assume you do not want to participate in the development of a MOA.

Thank you for your attention to this matter. If you have any questions, please contact me on (509) 376-4069.

Sincerely,

Mona Wright

Mona Wright
Cultural Resources Program Manager
