U.S. Department of Energy
Hanford Site

June 2, 2022

22-SGD-001547

Mr. David Bowen, Program Manager
Nuclear Waste Program
Washington State Department of Ecology
3100 Port of Benton Boulevard
Richland, Washington 99354

Dear Mr. Bowen:

REQUEST EXTENSION TO RESOLVE WASHINGTON STATE DEPARTMENT OF ECOLOGY'S REVIEW COMMENTS ON THE SAMPLING AND ANALYSIS PLAN FOR DRILLING INTERIM REMEDIAL ACTION WELLS IN THE 200-BP-5 AND 200-PO-1 GROUNDWATER OPERABLE UNITS DOE/RL-2020-10, DRAFT A

This letter requests an extension until July 29, 2022, to resolve the Washington State Department of Ecology's (Ecology) review comments on the Sampling and Analysis Plan for Drilling Interim Remedial Action Wells in the 200-BP-5 and 200-PO-1 Groundwater Operable Units, DOE/RL-2020-10, Draft A. This extension will allow adequate time to coordinate resolution of comments with Ecology staff. This extension has been discussed with Kim Welsch on May 25, 2022, including incorporating this document as an addendum to the 200-BP-5 and 200-PO-1 interim action remedial design/remedial action work plan.

If you have any questions, please contact me, or your staff may contact Naomi Jaschke, Project Lead, Soil and Groundwater Division, on (509) 376-5594.

Sincerely,

MICHAEL CLINE Digitally signed by MICHAEL CLINE
