Meeting Minutes Transmittal

SOLID WASTE OPERATIONS COMPLEX AND M-091 MILESTONE PROJECT MANAGERS MEETING MINUTES

Via Teleconference
Richland, Washington

June 26, 2025

In accordance with the Tri-Party Agreement Section 4.1, Project Manager Role, any agreements and commitments resulting from the meeting will be prepared and signed by all parties as soon as possible after the meeting. The undersigned indicate by their signatures (or their delegates signature) that these meeting minutes reflect the actual discussion during this meeting. Signatures denote concurrence with the agreements and commitments resulting from this meeting and do not imply agreement with statements made during this meeting. Attachments to these meeting minutes are provided for informational purposes only.

SOLID WASTE OPERATIONS COMPLEX AND M-091 MILESTONE PROJECT MANAGERS MEETING MINUTES

Via Teleconference
Richland, Washington

June 26, 2025

Call to Order: Dr. Morgan Matson, Ph.D., (CPCCo) opened the meeting with a roll call (see attendance roster).

1. Status Report – Solid Waste Operations Complex (SWOC) Operations Report

   a. Dr. Matson reviewed the status report. Please see the attached report for the full details.

      Slide 1 - *RCRA-Regulated Inventory*: The Central Waste Complex (CWC) had a change in drums and small containers, with a slight increase in volume to 1402 cubic meters (m^3), and an increase in medium containers to 1066 (volume 1884 m^3). Large containers saw an increase to 263 containers (volume 2794 m^3). This resulted in a total volume of 6080 m^3.

      Slide 2 - *Dangerous Waste Package Inventory in CWC Outside Storage Areas* (OSA): OSA A has four containers in inventory, down from seven in May, bringing the volume down to 188 m^3. This was a result of TC282 being shipped to Permafix Northwest (PFNW) on June 12, 2025, and two containers being moved to East OSA on June 2, 2025, and June 11, 2025.

      East OSA increased by 2, for a total of 18 containers and total volume of 876 m^3. The Shipping and Receiving Area has 12 containers for a volume of 49 m^3.

      Dr. Matson provided more context regarding the 12 containers in the Shipping and Receiving Area. On June 12, 2025, the CWC was scheduled to receive two shipments of standard waste boxes (SWBs) from PFNW, TR2501 and TR2501-1. While performing radiological receipt of the two SWBs in shipment TR2501-1, removable radiological contamination was identified on the exterior of the containers. Work was immediately halted, the containers placed in a safe configuration, and the area around shipment TR2501-1 was posted with the appropriate radiological conditions.

      During the recovery plan implementation on Friday, June 13, 2025, and Saturday, June 14, 2025, 9 out of 10 SWBs on shipment TR2501 were found with external radiological contamination. All containers from both shipments were confirmed to be in good physical condition with no indication of a breach, indicating the SWBs had been contaminated at PFNW prior to the shipment. No spill or release occurred. The contaminated SWBs were characterized, decontaminated to the extent practical, and successfully mitigated. All waste containers from PFNW shipments TR2501 and TR2501-1 have been moved into safe and compliant storage.

Debra Alexander (Washington State Department of Ecology [Ecology]) asked if the containers were surveyed at PFNW prior to being shipped? Dr. Matson responded that the Radiological Controlled Technicians (RCTs) performing the surveys at PFNW are trained and employed by PFNW, not CPCCo. However, CPCCo will work with PFNW to ensure their technicians are following the proper survey practices.

Amber Igoe (U.S. Department of Energy, Hanford Field Office [HFO]) added additional information stating during the next shipment from PFNW, CPCCo RCTs will be on hand to observe PFNWs process during loading, unloading, and packaging. CPCCo RCTs will perform whole-body surveys of the Teamsters involved in the loading. If nothing is detected, the shipment will proceed. CPCCo Radiological Control will continue to discuss and educate the PFNW crew to develop and improve their process. CPCCo will continue the observations for a few shipments.

Slide 3 - *Waste Disposition Performance*: We continue to perform waste storage, maintenance, and inspection activities at CWC, Low-Level Burial Grounds (LLBG), Waste Receiving and Processing (WRAP), and T Plant.

2. Status of Previous Agreements and Commitments

   a. There were no previous agreements and commitments to discuss.

3. New Agreements and Commitments

   a. There were no new agreements and commitments for this meeting.

4. Near Term Schedules and Ongoing Activities

   a. Agreed Order

      Dr. Matson stated this topic was covered under agenda item No. 1.

   b. RCRA Rev. 8C Updates

      1. 2013 CAFO and 2014 non-CAFO Closure Plans (221-T Railroad Cut, 221-T Sand Filter Pad, 211-T pad, 271-T Cage, 277-T Outside Storage Area, 277-T Building, 2401-W Waste Storage Building)

         Dr. Matson reported on the following:

         The 221-T Sand Filter Pad permit mod was signed by Ecology on May 29, 2025.

         For the 221-T Railroad Cut, during the June 24, 2025, SWOC Workshop Donna Morgans (CPCCo) presented her statistical analysis of the constituents that exceeded the 45% standard deviation requirement. Closely following the workshop, CPCCo received additional information on the laboratory that supports and strengthens Donna's analysis. The new information will be incorporated into the analytical report and provided to Ecology in the next few weeks.

c. RCRA Rev. 9 Permit

i. SWOC Part B Application

Closure Plans: LLBG Trench 94 and CWC East OSA Closure Plans have been closed and were frozen by Ecology. Currently they are going through the clearance and certification process.

The High Energy Real Time Radiography and Super High-Efficiency Neutron Counter Outdoor Storage Area Closure Plan was sent to Ecology on May 23, 2025.

The 2336-W Building Outdoor Shipping and Receiving Area was sent to Ecology on June 25, 2025.

The 2336-W Closing Unit Group Closure Plan was sent to Ecology on May 13, 2025.

CPCCo received review comment records (RCRs) from Ecology for the CWC 2400 Series buildings and the CWC Shipping and Receiving area on June 24, 2025, and are currently working on the RCRs.

Ecology provided the RCRs for the Low Flashpoint Storage Modules (LFSM) on May 13, 2025. A walkdown with the HFO, CPCCo, and Ecology occurred on May 20, 2025. CPCCo presented a proposal to permit the LFSM asphalt pad and the Dangerous Waste Management Units for the storage of large containers at the June 24, 2025, SWOC Workshop.

Contingency Plan: For WRAP, the HFO transmitted to Ecology on May 20, 2025, letter 25-ECD-0065, *Submittal of Supplemental Information to the Hanford Facility Resource Conservation and Recovery Act Permit Renewal, Revision 9A, for Waste Receiving and Processing Facility Addendum J Contingency Plan*, dated May 19, 2025.

For CWC, the HFO transmitted to Ecology on June 2, 2025, letter 25-ECD-0070, *Submittal of Supplemental Information to the Hanford Facility Resource Conservation and Recovery Act Permit Renewal, Revision 9A, for Central Waste Complex Addendum J Contingency Plan*, dated June 1, 2025.

ii. LLBG Green Islands: There are no updates from CPCCo.

Ms. Alexander provided an update stating Ecology is working on the Green Islands back-sheet and permit conditions, which are nearly complete. Comments have been addressed, but the file with the bulk of the changes needs to be transferred to a SharePoint file. An update should be available for the July 8, 2025, meeting. Once the changes are incorporated, the file will be locked down.

iii. 2013 CAFO (221-T R5 Waste Storage Area, CWC OSA-A and B) and 2014 non-CAFO Closure Plans (221-T Tank System, 2706-TB Tank System, 221-T Pipe Gallery, D-10 OSA)

Dr. Matson reported all RCRs for the 2706-TB Tank System and the D-10 Closure Plans were closed on June 18, 2025.

On June 16, 2025, Ecology provided the 30-day advance notice for the OSA-A Closure Plan which will start in mid-July.

OSA-B was sent to sitewide mods for freezing on April 14, 2025.

The 221-T Tank System received RCRs back from Ecology on May 27, 2025. Permittees are revising the closure plan to reflect grouting in place for the closure strategy, as agreed to by Ecology in the SWOC workshops.

Ms. Alexander reported that she will investigate why the OSA-B and R5 files have not been locked down yet. There are also about nine files that Ecology froze and are now ready to begin certification. The Pipe Gallery is locked down and is ready to go for Revision 9.

d. Tri-Party Agreement (TPA) M-091 Milestone Series

M-091-03S completed via HFO letter 25-PFD-0023, *Completion of Hanford Federal Facility Agreement and Consent Order Milestone M-091-03S*, dated June 25, 2025

M-091-03T has been added to the status table.

M-091-56 status is at risk and the HFO requested a milestone due date extension per Change Control Form M-91-25-01.

5. Approved Changes Signed Off in Accordance with TPA Section 12.2

a. There were no approved changes signed off in accordance with the TPA Section 12.2.

6. General Discussion

a. Ms. Alexander stated that Rebecca Warrington (CPCCo) sent an email capturing the changes to the Closure Plan sampling locations for the 277T building and the 211T pad, following the T Plant walkdown that occurred in May. T Plant did a thorough job of having informative packets put together for the walkdown that made it easier to see why samples have to be moved and provided input for moving to a more acceptable location. Ecology will reply to the email. Ms. Alexander stated all parties should put the agreed-to changes into their administrative records for incorporation into the final reports for the units.

7. Actions - See Actions Table

8. Documents Submitted to the Administrative Record

    a. The April 24, 2025, SWOC and M-091 Milestone Project Managers Meeting (PMM) minutes were submitted to the Administrative Record (AR) on May 8, 2025 (reference AR-34717).

9. The next PMM is scheduled for August 28, 2025

SOLID WASTE OPERATIONS COMPLEX & M-091 MILESTONE
PROJECT MANAGERS MEETING MINUTES

June 26, 2025

ACTIONS TABLE

Item	Description	Open / Closed	Date	Status
1. SWOC Units	Dr. Matson (CPCCo) will prepare the operations report on the off months the PMMs are not held and will also send the report to Ecology. The report will be attached to the following month's PMM minutes.	Open	12/8/2017	Action established - ongoing. The off-month report for May 2025 was sent to Ecology on May 29, 2025.
2. T Plant CAFO	The U.S. Department of Energy, Hanford Field Operations (HFO) will respond to Ecology's 12/14/2020 email requesting a review of Ecology's letter to determine which units are to be identified as authorized dangerous waste management units at T Plant.	Open	2/25/21	Action Established
		Open	4/22/21	HFO is continuing to develop its response to Ecology's 12/14/20 email.
		Open	6/24/21	Ecology is planning to issue a letter identifying which units are authorized dangerous waste management units and a briefing on the letter will be provided to CPCCo/HFO. CPCCo/HFO will provide Ecology a list of attendees for the letter briefing.
		Open	8/26/21	CPCCo/HFO provided Ecology a list of attendees for the letter briefing on 6/28/21. Ecology will provide clarification during the letter briefing regarding which agency will be issuing the letter. Ecology may need additional information before the letter briefing.

Item	Description	Open / Closed	Date	Status
		On Hold	10/28/21	Ms. Elsethagen (Ecology) put this action on hold due to lack of resources to follow up with request from Ecology's attorney.
		On Hold	12/14/21	Mr. Holbrook (Ecology) stated there is an internal action to follow up with its letter.
		On Hold	2/24/22	No change in status
		On Hold	4/28/22	No change in status
		On Hold	6/23/22	No change in status
		On Hold	8/25/22	No change in status
		On Hold	10/27/22	No change in status. Ecology planning to send a draft response next week.
		On Hold	12/15/22	No change in status. Ecology still working on draft response.
		On Hold	2/23/23	No change in status
		On Hold	4/27/23	No change in status. Focus is currently on Rev. 9 activities
		On Hold	6/22/23	No change in status. Ecology still focusing on Rev. 9
		On Hold	8/24/23	No change in status. Ecology still focusing on Rev. 9
		On Hold	10/26/23	No change in status.
		On Hold	12/7/23	No change in status. Ecology focusing on Rev. 9
		On Hold	2/22/24	Mr. Holbrook (Ecology) reviewed the material and needs to get concurrence from Deb Alexander (Ecology).
		On Hold	4/25/24	No change in status.
		On Hold	6/27/24	No change in status.

Item	Description	Open / Closed	Date	Status
		On Hold	8/22/24	No change in status.
		On Hold	10/24/24	No change in status.
		On Hold	12/5/24	No change in status.
		On Hold	2/27/25	An update is expected March 2025.
		On Hold	4/24/25	On hold until Revision 9 documents are completed in May or June 2025.
		On Hold	6/26/25	Ms. Alexander will look into the history of this item and work to resolve it.

RCRA-Regulated Inventory

Number of Containers/Tanks and Volume as of 6-18-2025

Facility	Month	Drum/Small Container[(a)]	Medium Container[(b)]	Large Container[(c)]	Total Volume
CWC	May	5623 (1401 m^3)	1060 (1873 m^3)	258 (2788 m^3)	6062 m^3
	June	5623 (1402 m^3)	1066 (1884 m^3)	263 (2794 m^3)	6080 m^3
T Plant	May	11 (2 m^3)	0 (0 m^3)	8[(d)] (303 m^3)	305 $m^{3(d)}$
	June	11 (2 m^3)	0 (0 m^3)	8[(d)] (303 m^3)	305 $m^{3(d)}$
WRAP	May	217 (49 m^3)	90 (162 m^3)	8 (186 m^3)	397 m^3
	June	217 (49 m^3)	90 (162 m^3)	8 (186 m^3)	397 m^3

Footnotes regarding volumes:

a) 0.485 m^3 (17.1 ft^3) or less
b) Greater than 0.485 m^3 (17.1 ft^3) & equal to or less than 1.812 m^3 (64ft^3) (Standard Waste Box)
c) Greater than 1.812 m^3
d) Inventory is for containers excluding seven (7) large tanks at T-Plant with a volume of 3.623 m^3

Dangerous Waste Package Inventory in CWC Outside Storage Areas

CWC DWMU[1]	1/24/2014	5/22/2025	6/18/2025		Notes/Comments in Inventory Change from Previous Month
	Number of Waste Containers in Storage	Number of Waste Containers in Storage	Number of Waste Containers in Storage	Volume of Waste Containers in Storage (m^3)	
Outside Storage Area A	173	7	4	188	TC282 shipped to PFNW on 6/12/25. 75DMA20F6 and 2345Z-70-0495S moved to East OSA on 6/2/25 and 6/11/25, respectively.
Outside Storage Area B	5	2	2	156	
D-10 Outside Storage Area	1	1	1	28	
East Outside Storage Area	0	16	18	876	
Shipping and Receiving Area	0	0	12	49	
Total =	**179**	**26**	**37**	**1297 m^3**	

[1] DWMUs are based on those listed in the Agreed Order, Exhibit B.

Waste Disposition Performance

Facility	Status as of 6/18/2025
CWC	**CONTINUING** • Performing waste storage and inspection activities. • Conducting Fire Suppression System testing and inspections with HFD. • Box cover deficiencies are being tracked and repaired in CY2025. (1 deficiency noted). • Continue roll-up door preventative maintenance and repairs. • Continue to receive PFNW TRU/M SWBs returns from repackaging of OSA A waste containers. • Performing Non-Destructive Assay (NDA) for TRU/M containers in CWC waste storage areas. Completed 197 SWBs for the FY25 480 SWB campaign, 3 large boxes for the FY25 3 large box campaign, 9 drums for the FY25 35 drum campaign. • Continuing floor repairs in CWC storage buildings pending resource availability and weather conditions.
LLBG	**CONTINUING** • Continuing to perform inspection and maintenance activities in LLBGs. • Continuing receipt of waste shipments from PFNW into MWT 31 and 34 for final disposal. • Continuing leachate collection & removal system operations at MWT 31 & 34 and shipments to LERF/ETF.
WRAP	**CONTINUING** • Continuing min-safe inspection and maintenance activities. • Conducting Fire Suppression System testing & inspection with HFD.
T Plant	**CONTINUING** • Continuing surveillance and maintenance activities.

RCRA-Regulated Inventory

Number of Containers/Tanks and Volume as of 5-22-2025

Facility	Month	Drum/Small Container[(a)]	Medium Container[(b)]	Large Container[(c)]	Total Volume

M-091 PMM Status Summary

6/23/2025

Milestone		Due Date(s)	Status Summary	Comments
M-091-00	Complete Treatment to LDR Standards for All RCRA MLLW & TRUM Waste	9/30/2050	On Schedule	
M-091-03AA	Submit Revision of TRUM Waste and MLLW PMP to Ecology	6/30/2033	On Schedule	
M-091-03S	Submit Revision of TRUM Waste and MLLW PMP to Ecology	6/30/2025	Complete	DOE letter 25-PFD-0023 dated 6/25/25.
M-091-03T	Submit Revision of TRUM Waste and MLLW PMP to Ecology	6/30/2026	On Schedule	
M-091-47-T05	Certify or Treat 280 Cubic Meters of TRUM Waste and MLLW	9/30/2025	On Schedule	
M-091-48	Complete the Offsite Shipment of All TRUM Waste	9/30/2050	On Schedule	
M-091-49	Complete Retrieval and Designation of CH RSW in Burial Grounds 218-W-4B, 218-W-3A, and 218-E-12B	9/30/2039	On Schedule	
M-091-49B	Complete the Retrieval and Designation of RH RSW (includes the 200 Area Caissons)	9/30/2048	On Schedule	
M-091-54	Submit to Ecology, an Interim Response Action to Resume RSW Retrieval	9/30/2028	On schedule	
M-091-56	Submit PMR to Modify Permit to Include the Facility/Capability for CH Waste Containers	9/30/2026	At Risk	DOE requested a milestone due date extension per Change Control Form M-91-25-01.
M-091-57	Initiate CH Certification Activities by Processing a TRUM Container	9/30/2026	On Schedule	
M-091-59	Remove All Mixed Waste Containers from Outside Storage Area A and B	9/30/2026	On Schedule	
M-091-60	Initiate Treatment to LDR Treatment Standards for MLLW and TRUM Waste	9/30/2028	On Schedule	
M-091-61	Complete Treatment to LDR Treatment Standards for CH Small Containers of MLLW and TRUM Waste	9/30/2040	On Schedule	
M-091-62	Complete Treatment to LDR Treatment Standards for CH Large Containers of TRUM Waste	9/30/2045	On Schedule

SOLID WASTE OPERATIONS COMPLEX AND M-091 MILESTONE PROJECT MANAGERS MEETING

June 26, 2025
9:30 A. M.

TEAMS
Teams Call-In Number: 1-509-931-1284
Phone Conference ID: 980 268 958#

AGENDA

Call to Order:

1. Status Report - SWOC Operations Report
2. Status of Previous Agreements and Commitments
3. New Agreements and Commitments
4. Near Term Schedules and Ongoing Activities
   a. Agreed Order
   b. RCRA Rev. 8C Updates
      i. 2013 CAFO and 2014 non-CAFO Closure Plans (221-T Railroad Cut, 221-T Sand Filter Pad, 211-T pad, 271-T Cage, 277-T Outside Storage Area, 277-T Building, 2401-W Waste Storage Building)
   c. RCRA Rev. 9 Permit
      i. SWOC Part B Application
      ii. LLBG Green Islands
      iii. 2013 CAFO (221-T R5 Waste Storage Area, CWC OSA-A and B) and 2014 non-CAFO Closure Plans (221-T Tank System, 2706-TB Tank System, 221-T Pipe Gallery, D-10 OSA)
   d. Tri-Party Agreement (TPA) M-091 Milestone Series
5. Approved Changes Signed Off in Accordance with TPA Section 12.2
6. General Discussion
7. Actions - See Actions Table

SOLID WASTE OPERATIONS COMPLEX AND M-091 MILESTONE PROJECT MANAGERS MEETING, JUNE 26, 2025

8. Documents Submitted to the Administrative Record

    a. The April 24, 2025, Solid Waste Operations Complex (SWOC) and M-091 Milestone Project Managers Meeting (PMM) minutes were submitted to the Administrative Record (AR) on May 8, 2025 (reference AR-34717).

9. The next PMM is scheduled for August 28, 2025

SOLID WASTE OPERATIONS COMPLEX AND M-091 MILESTONE
PROJECT MANAGERS MEETING, JUNE 26, 2025

ACTIONS TABLE

ACTIONS TABLE

Item	Description	Open / Closed	Date	Status
1. SWOC Units	Dr. Matson (CPCCo) will prepare the operations report on the off months the PMMs are not held and will also send the report to Ecology. The report will be attached to the following month's PMM minutes.	Open	12/8/2017	Action established - ongoing.
2. T Plant CAFO	The U.S. Department of Energy, Hanford Field Operations (HFO) will respond to Ecology's 12/14/2020 email requesting a review of Ecology's letter to determine which units are to be identified as authorized dangerous waste management units at T Plant.	Open	2/25/21	Action Established
		Open	4/22/21	HFO is continuing to develop its response to Ecology's 12/14/20 email.
		Open	6/24/21	Ecology is planning to issue a letter identifying which units are authorized dangerous waste management units and a briefing on the letter will be provided to CPCCo/HFO. CPCCo/HFO will provide Ecology a list of attendees for the letter briefing.
		Open	8/26/21	CPCCo/HFO provided Ecology a list of attendees for the letter briefing on 6/28/21. Ecology will provide clarification during the letter briefing regarding which agency will be issuing the letter. Ecology may need additional information before the letter briefing.
		On Hold	10/28/21	Ms. Elsethagen (Ecology) put this action on hold due to lack of resources to follow up with request from Ecology's attorney.
