2727-S NONRADIOACTIVE DANGEROUS WASTE STORAGE FACILITY UNIT MANAGERS MEETING

ATTENDEES: J. J. Witczak, Ecology

R. F. Guercia, DOE-RL WMD
D. L. Duncan, DOE-RL ERD

C. J. Geier, WHC
F. A. Ruck, III, WHC
R. R. Thompson, WHC

DATE: July 21, 1989

LOCATION: Richland, WA

PURPOSE: Unit meeting concerning activities at 2727-S Nonradioactive Dangerous Waste Storage (NRDWS) Facility (TSD No. S-2-3).

ACTIVITY STATUS:

1. Unit Managers Meeting
   This meeting was the first Unit Managers Meeting (UMM) for the 2727-S NRDWS Facility. UMM meetings for the 2727-S NRDWS Facility will be held on an occasional basis until sampling activities start, when the meetings will be held on a regular monthly basis.

2. NOD Response Table
   Currently, Ecology has not conducted a complete review of the submitted NOD Response Table due to a clarification of the intent regarding the applicability of certain sections, Sections 5.3, 6.2, 6.3.1, of the Hanford Federal Facility Agreement and Consent Order (Agreement) Action Plan which pertain to closure plans. However, the NOD response table was discussed in regards to the technical content of the responses. A new approach to the sampling of the facility was discussed during this meeting. To simplify the sampling and analysis activities, the wallboard, insulation and electrical material would be removed and disposed of as dangerous waste without sampling. The only sampling activities of the building would be associated with the metal siding. The soil and concrete sampling and analyses would still be conducted in accordance with the revised sampling plan. Over fifty samples and analyses would be eliminated by directly disposing of the wallboard, insulation and electrical material. In addition, the problems of verification sampling of these materials would be eliminated as well.

ACTION ITEMS

No action items were assigned during this meeting. Once the intent Sections of the Agreement Action Plan is resolved, the NOD response table will be resubmitted for concurrence and new submittal date for the revised Chapter 4.0 (Sampling) will be determined.

MEETING SCHEDULE

The next 2727-S NRDWS Facility Unit Managers Meeting will not be scheduled until resolution of the interpretation of the Agreement Action Plan has been reached.
