Dear Messrs. Day and Nord:

DUE DATE EXTENSION REQUEST FOR THE 2727-S NONRADIOACTIVE DANGEROUS WASTE STORAGE FACILITY CLOSURE PLAN NOTICE OF DEFICIENCY RESPONSE TABLE

This letter represents a request for a 30-day extension in submitting the Notice of Deficiency (NOD) response table for the 2727-S Nonradioactive Dangerous Waste Storage Facility Closure Plan. The 30-day extension would change the due date for the NOD response tables from January 18, 1991, to February 18, 1991. This extension is necessary due to the amount of time involved to incorporate the NOD comments into a revised closure plan strategy. The closure plan is being revised to reflect the change from prior closure strategy that allows for future utilization of the facility to the revised strategy that clean closes and discontinues future use. Concurrence with the State of Washington Department of Ecology on this strategy was recently reached on November 29, 1990.

If you have questions or require any additional information, please contact Mr. C. E. Clark of the U.S. Department of Energy, Richland Operations Office on (509) 376-9333, or Ms. C. J. Geier of the Westinghouse Hanford Company on (509) 376-2237.

Sincerely,

EA Brather
