Dear Messrs. Day and Jansen:

THE 2727-S NONRADIOACTIVE DANGEROUS WASTE STORAGE FACILITY CLOSURE PLAN, REVISION 3 (S-2-5)

The 2727-S Nonradioactive Dangerous Waste Storage Facility Closure Plan and State Environmental Policy Act Environmental Checklist are submitted by the DOE Richland Field Office (RL) and the Westinghouse Hanford Company (WHC) for approval by the State of Washington Department of Ecology (Ecology). Submittal of this closure plan fulfills the commitment made during the December 1991, Unit Managers' Meeting.

Revision 3 of the closure plan is in response to a negotiated change with Ecology in closure strategy, and to applicable Notice of Deficiency comments resulting from Ecology's review of earlier plans. The major revisions consist of a change in closure strategy and sampling plan, added detail to the facility description, and modifications to appendices.

Copies of the documents will be distributed to representatives of your respective organizations as follows:

Mr. D. L. Duncan, U.S. Environmental Protection Agency (2 copies)

Mr. J. J. Witczak, Ecology (4 copies)

Mr. D. C. Nylander, Ecology (1 copy)

If you have any questions regarding the documents mentioned above, please contact Ms. A. L. Rodriguez of RL on (509) 372-0277 or Ms. S. M. Price of WHC on (509) 376-1653.

Sincerely,

R. D. Izatt, Program Manager
Office of Environmental Assurance,
Permits, and Policy
DOE Richland Field Office
