Ecology is pleased to approve the 100-HR-3 Operable Unit Resource Conservation and Recovery Act Facility Investigation/Corrective Measures Study Work Plan, Revision 0. We have reviewed the work plan for recent technical and administrative changes and find these changes to be consistent with agreements reached with USDOE in September 1992. Kindly distribute this work plan at the earliest opportunity.

Approval of this work plan results in transfer of primary responsibilities for work plan implementation and administration to our Kennewick office. In the future, please contact Mr. Dibakar Goswami, 100-HR-3 Operable Unit Manager, at (509) 546-4301 regarding this work plan. Thank you.
