Dana,

I'll be gone Nov 1-15. Would you please e-mail the information (i.e. web site address) to Teri Elzie (NRTC Administrative Secretary). Thanks.

Jamie

Jamie, Larry was out for a while. I got the information today. The revised edition, August 2001, will be available electronically on Thursday, the 1st. Reading back through your messages, it really wasn't clear what was being asked for. Dana

Hi Jamie - can you help us out by providing hard copies or electronic version? Thanks.

This one on-line is Oct. 2000, Rev. 0. And I couldn't find any significant I&I language in it. So I guess we need to wait for the printed copy.... thanks.

Because I've been making a fuss about this document, I got a printed final copy from Dana. My copy is dated August 2001, Revision 0. I don't see a web link listed in the document. That's all I know.

adopted
version?

I'm looking for the adopted version of the BRMaP. Is this it?
